

CeresMED

Welcome to CeresMED

We're dedicated to providing high quality, laboratory-tested medical cannabis to our patients. Our knowledgeable staff provide a safe, non-judgmental environment for patients to learn about symptom relief and pain management through plant-based medicine.

Individual responses to cannabis cultivars and methods of consumption vary. Currently, no scientific consensus exists that indicates any one cannabis cultivar is more effective than another for relieving specific symptoms or conditions. Each consumer must determine, through their own use of cannabis, which cultivars and products are most effective for their needs. CeresMED has four dispensaries open in addition to offering home delivery – providing the best accessibility in the state. Our current inventory, complete with photos and ingredients, can be viewed on our website's Products page at ceresmedvt.com.

PRODUCT MENU

CLONES

We offer a rotating menu of genetics. For a full menu, please visit our website.

Clones are roughly 14 days old & rooted in sterile growing media. They are \$25 each or 5 for \$100. For one time only, purchase 7 clones in one appointment and receive a free potency test on the finished flower from your harvest. Sales are by appointment only.

Sample Clone Cultivars – Selection Rotates

Blue Dream CBD

Restore

1:1 ratio Sativa-leaning
7-8% CBD, 6-7% Δ9-THC

Jack Herer

Revitalize

Sativa-leaning
18-22% Δ9-THC

Sour Kush

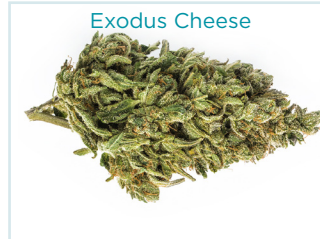

Relax

Indica-leaning
20%+ Δ9-THC

CURED FLOWER

Cured flower is pre-packaged in 1g, 3.5g, 7g and 14g pouches and .5g pre-rolls. Cultivar availability varies based upon harvest schedule. Cultivars rotate on a seasonal basis, see below for examples of our genetics. In addition to our in-house genetics, we offer cured flower selections from the other Vermont medical cannabis licenses.

Revitalize | Sativa-leaning

- Amherst Sour Diesel 18-22% Δ9-THC
- Dancehall 16-20% Δ9-THC
- Durban Poison 12-16% Δ9-THC
- Jack Herer 18-22% Δ9-THC
- Mimosa 18-22% Δ9-THC

Relax | Indica-leaning

- Blue Mystic 20%+ Δ9-THC
- Exodus Cheese 16-20% Δ9-THC
- LA Kush Cake 20%+ Δ9-THC
- PB Soufflé 20%+ Δ9-THC
- Sour Kush 20%+ Δ9-THC
- Cherry Sundae 18-22% Δ9-THC

Restore | CBD Dominant

- Blue Dream CBD 7.5 % CBD & 6.9% Δ9-THC
- Sweet 'N' Sour Widow 6.8 % CBD & 5.4% Δ9-THC

O.PEN

Since 2012, the industry leading, original cannabis vaporizer. Our licensing agreement with O.pen allows us to produce their full line of products. Each product is formulated with QC3 concentrates enhanced with O.pen's proven methods of extraction and refinement. Ccell cartridges provide a consistent and smooth experience.

.5g & 1g Cured Resin

Cartridges:

Cured Resin is made with cultivar-specific, activated distillate and terpenes extracted from high quality cured flower. 75-85% total cannabinoid content.

Flavored Micro Device:

This single use, all-in-one device is a wonderfully discreet choice for those who seek a flavor that's more than cannabis. Each Micro is pre-loaded with 300mg of dominance-specific activated oil and all natural flavors. 75-85% total cannabinoid content.

QUEEN CITY CANNABIS CONCENTRATES (QC3)

Concentrates extracted using one of the following solvents/methods: CO2, ice water, dry ice or organic ethanol. All are available in strain-specific or blended products.

• Whole Plant Cannabis Oil

Similar to RSO (Rick Simpson Oil). Available in Relax, Restore and Revitalize formulas. Half gram syringes and discounted package prices for bulk orders.

• Shatter, SAP & Wax

High-potency concentrate made from THCa crystals formed through Subcritical CO2 extraction.

• Hash, Drysift Hash & Kief

Keif: solventless concentrate made from dried resin glands of the cannabis plant. Drysift Hash: keif formed into patties using pressure and low heat. Hash: a blend of keif and distillate that makes a resinous, malleable concentrate.

QUEEN CITY CANNABIS CONFECTIONS

This menu utilizes organic and often local sweeteners medicated with concentrates from our QC3 product line.

- Sea Salt Caramels
- Peppermint Patties
- Vermont Maple Lozenges
- PDFs (pâte de fruits)
- Micro Mints

APOTHECARY

Tinctures and Drops

All tinctures and Drops are made with organic ingredients and formulated with CO2 cannabis extracts for consistent, drop by drop, cannabinoid content. Terpenes are reintroduced to reinforce the intended effects.

Relax, Restore & Revitalize formulas available.

THC Capsules and Restore Salve

THC Capsules offer a simple and discreet, precisely formulated approach to using cannabis as a form of medication and are made with organic coconut oil, full spectrum cannabis extract in a non-GMO vegetable capsule.

Our Restore salve is a soothing, anti-inflammatory salve formulated with a 1:1 CBD to THC ratio and companion botanicals.

Our flagship store is located at 190 College Street in downtown Burlington. Our locations in Brattleboro and Middlebury are adjacent to our CeresMed South dispensary locations. Ceres Natural Remedies offers a wide range of carefully curated hemp-based CBD products including but not limited to, Mary's Nutritionals, Vermont Select, CBD Medic, Z Botanicals, Xula, Foria and HEMPVET. Our specialized knowledge and sole focus on plant-based remedies can help guide you to a product that will work best for you or your pet.

Open to the general public. Must be 18+ to purchase (21+ for smokable/vape products).

BAKED GOODS

Sweet and savory baked goods from the infusion kitchen. Gluten, dairy and sugar-free options available.

- Dark Chocolate Brownie
- Ginger Molasses Cookie
- Chocolate Chip Cookie
- Cheese Nibs

FAT INFUSIONS

We stock two different fat infusions on a regular basis: coconut oil and cannabutter. Ghee and olive oil are available for bulk purchases of six units or more. Please allow for a week lead time with bulk purchases. Our fats are formulated for consistent cannabinoid content using our Queen City Cannabis Concentrates. Each fat can be consumed on its own or used to create your own infused products, substituting it for all or a portion of the fat in a recipe.

MARY'S MEDICINALS

Transdermal Patches and Gel Pens

Our licensing Agreement with Mary's Medicinals allows us to produce their full line of products. We currently offer 6 patch varieties (THC Indica & Sativa, CBD/THC 1:1, CBD, CBN and THCa) and 4 pen varieties (THC Indica & Sativa, CBD and CBN).

PRICING PROGRAMS

Sliding Scale

We provide a sliding scale pricing system based on enrollment in the State of Vermont's 3SquaresVT program. You must provide us with a copy of your 3SquaresVT qualification along with a completed application form for our Discount Program.

Veteran's Discount

All veterans will receive a 15% discount on all medicated products. Qualification for this discount will be via proof of veteran status, if applicable, i.e. a copy of your DD 214, along with other state or federal issued photo identification.

DELIVERY

Delivery is available state-wide through our dispensaries. A minimum order of \$100 is required, the \$5 delivery fee is waived for those who qualify for Financial Aid and for any order over \$250. Delivery schedule outlined below.

Chittenden County and Northeast Kingdom: Tuesday + Friday, 9am-4pm

Chittenden County and Surrounding Areas: Wednesday + Thursday, 9am-4pm

Windham County and Surrounding Areas West: Wednesday + Friday, 9am-4pm

Windham County and Surrounding Areas North: Thursday, 9am-4pm.

HOURS OF OPERATION & CONTACT US

We have up to 3 stations available at a time at each of our locations, Curbside Service, and rooms for private consultations upon request. Appointments are required for all visits.
