DISPENSARY SELECTION INFORMATION

IMPORTANT INFORMATION CONTAINED BELOW WHEN COMPLETING THE FORMS TO REGISTER AS A PATIENT WITH THE VERMONT MARIJUANA REGISTRY (VMR).

Materials provided by each dispensary are attached to assist patient applicants designating a dispensary.

- Registered patients may purchase marijuana, marijuana infused products, seeds, and clones from a registered dispensary.

- Registered patients who designate a dispensary may purchase marijuana products and cultivate marijuana in a single secure indoor facility.

- Registered patients who elect to cultivate marijuana in a single secure indoor facility must provide the address and location to the VMR on his or her application. Any updates to the address and/or location of the single secure indoor facility must be submitted in writing via email or mail to the contact information below.

- Registered patients may only purchase marijuana, marijuana infused products, seeds, and clones from one dispensary and must designate the dispensary of his or her choice on their application.

- Registered patients may only change dispensaries every 30 days. After 30 days, a registered patient may change his or her designated dispensary by submitting a completed Cardholder Information Notification form and a $25 processing fee. The VMR will issue the registered patient a new registry identification card with a new registry identification number.

- **ALL** registered patients and caregivers MUST schedule appointments prior to going to their designated dispensary to obtain marijuana, this includes seed and clones.

- **ALL** registered patients and caregivers MUST have a locking container/box when transporting marijuana from their designated dispensary.

There are currently four registered dispensaries operating in Vermont; Champlain Valley Dispensary in Burlington, Southern Vermont Wellness in Brattleboro, Grassroots Vermont in Brandon, and Vermont Patients Alliance in Montpelier.

*Information related to each registered dispensary, including contact information, is contained in the materials accompanying this letter.*

Contact the dispensary if you have questions related to products, pricing, and appointments.

Contact the VMR with questions related to the information contained above.

Welcome to Champlain Valley Dispensary & Southern Vermont Wellness

We’re dedicated to providing high quality, laboratory-tested, medical cannabis to our clients. Our knowledgeable staff provide a safe, non-judgmental environment in which our clients can learn about symptom relief and pain management through cannabis treatments and alternative health practices.

Individual responses to cannabis strains and methods of consumption vary. Currently, no scientific consensus exists that indicates any one cannabis strain is more effective than another for relieving specific symptoms or conditions. Each consumer must determine, through their own use of cannabis, which strains and products are most effective for their needs.

Our in stock inventory, complete with photos and ingredients, can be viewed on our website’s Products page at cvdvt.org and at svwvt.org.

Member Benefits:

- We sell clones
- Access to financial aid assistance
- Reimbursement via dispensary credit of your yearly $50 card fee

Attention Homegrowers!

As of July 1, 2017 registered patients are able to cultivate and purchase up to 2oz. of product. In addition to the largest selection of products in the state, we also sell clones. Please reference our clone menu for available strains.

Product Menu

Clones

State regulations limit clone purchases to 7 within a 30 day period. We offer an Indica and Sativa strain at all times, with selections varying throughout the year.

Clones are roughly 14 days old & rooted in rock wool cubes. They are priced at $25 each or 5 for $100. For one time only, purchase 7 clones in one appointment and receive a free potency test on the finished flower from your harvest. Sales are by appointment only and must be pre-ordered a minimum of two weeks before the scheduled appointment.

AVAILABLE NOW:

- New York City Diesel
  (Soma’s Sacred Seeds)  
  Sativa Dominant Hybrid
  16-20% THC

- Critical Mass
  (CBD Crew)
  1:1 Ratio Indica Dominant Hybrid
  8% CBD: 8% THC

AVAILABLE IN FEBRUARY:

- Jack Herer
  (Green House Seed Co.)
  Sativa Dominant Hybrid
  20%+ THC

- Blueberry
  (Dutch Passion Seed Co.)
  Indica 16-20% THC

- Kali Mist
  (Serious Seeds)
  Sativa 12-16% THC
Flowers

Flowers are pre-packaged in 1g, 3.5g, 7g and 14g pouches and .5g pre-rolls. Strain availability varies based upon harvest schedule. In addition to the strains below, rotating varieties will be available on a seasonal basis. Genetics currently in development: Blue Dream, Purple Trainwreck, Pineapple Chunk and Boggle Gum.

O.penVAPE

Our licensing agreement with O.penVAPE allows us to produce their full line of products. O.penVAPE has become the largest brand in the industry by providing a superior vaporizing pen with a lifetime warranty and by partnering with Organa Labs to offer medical patients healthier alternatives to smoking. Each product is formulated with QC3 concentrates enhanced with O.penVAPE’s proven methods of extraction and refinement. It’s What’s Inside That Counts. For more information please visit: www.openvape.com.

Current offerings available in strain specific Indica, Sativa, Hybrid and CBD varieties:

- **O.ne Device:** All in one disposable vaporizing device, pre-loaded and pre-charged (no CBD option), 20-35% potency.
- **250MG and 500MG Original Formula Cartridges**: 25-35% potency, easy to use and consistent.
- **500MG Reserve Cartridges**: Pure cannabis oil enhanced with strain specific terpenes, 60-75% potency.
- **250MG and 500MG Craft Reserve Cartridges**: Our most pure, potent and flavorful oil refined with short path distillation (distillate) and enriched with strain specific terpenes. Glass cartridges outfitted with Ceramflo plus technology and stainless steel mouthpieces. 70-90% potency.
- **1000MG Applicator**: Strain specific Reserve formula packaged in a 1 gram syringe. Allows user the freedom to medicate orally, to dress an edible or pre-roll or to use in a concentrate vape pen such as the go.pen.
- **The Dabaratus**: 1 gram of terpene rich cannabis distillate packaged in a patent pending one click solution for dabbing: no mess and no waste. 70-90% potency.

* O.penVAPE batteries sold separately

Queen City Cannabis Concentrates (QC3)

Concentrates extracted using one of the following solvents/methods: CO₂, ice water, dry ice or organic ethanol. All are available in strain specific or blended products.

- **WPCO Cannabis Oils:** Concentrated mgs of Indica-sourced THC produced through ethanol extraction, similar to RSO. Available in individual .5g syringes and discounted package prices for bulk orders.
- **Shatter and Sap:** High potency concentrates made from THCa crystals formed through Subcritical CO₂ extraction.
- **Hash & Kief**
Queen City Cannabis Confections

This menu utilizes organic and often local sweeteners and is medicated with concentrates from our QC3 product line.

- Sea Salt Caramels
- Dark Chocolate Truffles
- Peppermint Pattie
- Vermont Maple Lozenges
- All Natural Fruit Gummies

1:1 CBD TO THC
- Vermont Maple Lozenges

Baked Goods

Sweet and savory baked goods from the infusion kitchen. Gluten, dairy and sugar free options available.

- Dark Chocolate Brownie
- Ginger Molasses Cookie
- Chocolate Chip Cookie
- Cheese Nibs

1:1 CBD TO THC
- Dark Chocolate Brownie (special Order)

Tinctures

All tinctures are made with organic ingredients and formulated with CO2 cannabis extracts for consistent, drop by drop, cannabinoid content. Terpenes are reintroduced to reinforce the intended effects.

Indica, Sativa and 1:1 formulas available.

Fat Infusions

We stock two different fat infusions on a regular basis: coconut oil and cannabutter. Our fats are formulated for consistent cannabinoid content using our Queen City Cannabis Concentrates. Each fat can be consumed on its own or used to create your own infused products, substituting it for all or a portion of the fat in a recipe. We will do a limited release of ghee and olive oil 3 times/year: The first of the month for April, August and December. Customers can also place special orders for bulk purchases (6 units or more of one product) at these times. Orders need to be placed one week in advance of the dates of release.

Mary’s Medicinals

Transdermal Patches and Gel Pens

Our licensing Agreement with Mary’s Medicinals allows us to produce their full line of products. We currently offer 6 patch varieties (THC Indica & Sativa, CBD/THC 1:1, CBD, CBN and THCa) and 3 pen varieties (THC Indica & Sativa and CBN).

For more information please visit: marysmedicinals.com

Mad Hatter Coffee & Tea Company Artisanal Beverages

Our licensing agreement with Mad Hatter allows us to produce their full line of products: coffees, teas, chais, mochas, mushroom elixirs and mocktails. Each recipe has been formulated with our CO2 cannabis extracts.

For more information please visit: madhattercoffeeandtea.com
Ceres Natural Remedies
Flagship store now open at 190 College Street in downtown Burlington. Brattleboro Ceres is located in the Vermont Building, downstairs from Southern Vermont Wellness. Ceres Natural Remedies, offers the largest selection of natural hemp-based CBD products in Vermont. - O.penVAPE

In times of inclement weather, we will follow the Chittenden and Windham County schedules for closing and delays.
MISSION
At Vermont Patients Alliance, our mission is simple – to provide a safe, comfortable, and legal environment for patients to access premium quality Cannabis and cannabis-infused products grown naturally. As our products are routinely lab-tested for quality, potency, and consistency, our patients will be confident they are getting the proper product for their symptom relief.

VPA opened Vermont’s first medical marijuana dispensary in the state’s capitol, Montpelier, in June of 2013. We are an organization established by Vermont physicians, nurses, scientists, and local business leaders for charitable, scientific, and educational activities in support of patients suffering from debilitating medical conditions.

We encourage patients to ask a lot of questions and interact with our staff who are trained to guide patients in choosing products that best suit the individual for aiding in symptom relief and pain management. It is important to understand that different people have different experiences using Cannabis. To accommodate our patients’ needs and preferences we produce a wide variety of Cannabis products.

Our menu of available products can be viewed through our website on our Online Dispensary page at: vtpai.org. Registered patients can create an account to place orders online that will be available for pick-up or delivery at their next scheduled appointment. Please see the list below for a sample of our offerings.

FLOWER
We are proud to be using 100% organic methods in every aspect of cultivation, utilizing the finest local resources and sustainable practices in our production. Strain availability is based upon a constant harvest cycle, we grow over 30 strains and usually have at least 12 rotating strains available on a weekly basis. Flower is prepackaged in quantities of 1.75g, 3.5g, and 7g and is also available in pre-rolled cones and shake blends of varying quantities. Some of the Cannabis strains we grow are:

**SATIVA**
- Acapulco Gold
- AK-47
- Alaskan Ice
- Jack Skellington
- Sour Diesel
- Spacebomb
- Timewreck

**HYBRID**
- Bruce Banner
- Dark Star x Sour Diesel

- 9 Pound Hammer
- Afghan Skunk
- Chemdog x TNT*
- Dark Star
- Fruity Chronic Juice
- Godbud
- Hash Plant
- Purple Urkle
- Shiva Skunk
- SoCal Kush*
- Super Skunk
- White Widow x Blueberry
- XXX OG

*VPA Original strain
**NATURAL SUNLIGHT PRODUCTS**

VPA is the only dispensary in Vermont to utilize natural sunlight for cultivation. Our first greenhouse harvest in 2015 was a huge success, and we received nothing but positive feedback from our patients regarding the quality and effectiveness of the flower. Growing under natural light we have reduced our carbon footprint, and implemented various sustainable methods of cultivation, such as permaculture techniques of companion planting, intercropping, and planting ground covers. We are proud to announce that Summer 2017 is our third year that we are utilizing Vermont’s natural environment to provide sunlight-grown Cannabis products.

**APOTHECARY**

VPA is staffed with teams of knowledgeable, creative, and trained clinical and family herbalist’s, who have worked together to blend Cannabis into traditional and custom herbal formulas and recipes. Some of the herbal products we offer are:

<table>
<thead>
<tr>
<th>ALCOHOL TINCTURES</th>

**CLONES, SEEDS AND CONSULTATIONS**

Clones and seeds are available for registered patients that have chosen us as their dispensary. Seeds will be offered seasonally, and clones monthly by signing-up. We provide a wide selection of cultivars, with an assortment of strains developed to target specific symptom relief. Our staff will be able to guide patients for the best selection, and offer cultivation consultations that align with our focus to provide clean, organic, plant based medicine using locally sourced materials.
FINANCIAL ASSISTANCE
Patients may be eligible for reduced pricing if they are enrolled in any of the following programs: Medicaid, Medicare, 3SquaresVT, SSI, Unemployment or Veteran Affairs/Benefits. Patients must provide documentation proving eligibility of the program they are enrolled in.

PATIENT SERVICES
At VPA, we are committed to serving our patients, in any language. Deaf/hard of hearing translation services are available, as well as accommodations for the blind/visually impaired. Please contact us for more information.

RESEARCH
Part of our mission at VPA is to expand the scientific knowledge about Cannabis, and other plant-based medicines. Our patients have the opportunity to participate in this research by utilizing our state-of-the-art App to provide valuable feedback on products and connect with other patients. All patients that utilize the App are eligible to be selected to receive product at no cost in exchange for a review of the product and its effect on their primary symptoms.

DELIVERY
Our home delivery program is offered state-wide to all registered patients. For detailed information visit our Delivery page on our website.

HOURS OF OPERATION
We have 2 dispensing rooms available at a time for private appointments. State law requires all patients to schedule an appointment. We usually have appointments available within 24-48 hours of a patient request.

Monday: Office Only
Tuesday – Friday: 9:00 – 3:30
Alternating Saturdays: 9:00 – 1:30
(1st and 3rd Saturday of Every Month)

For any additional information, questions or concerns please contact us.

Email: info@vtpai.org

About Grassroots Vermont

Grassroots Vermont provides pure, effective, and affordable medical marijuana to patients across Vermont from our Rutland County dispensary. Founded and operated by a local Vermont family, Grassroots provides patients with a healthier approach to natural wellness. Grassroots cultivates its own indoor marijuana using health-conscious methods and offers a variety of world-class, natural products.

Our dispensary is located in Brandon, in the heart of Rutland County. Appointments are required to visit our dispensary. We welcome all registered Vermont patients to meet with our compassionate, knowledgeable marijuana consultants. During your one-on-one appointment, our staff will make recommendations based on your needs and preferences, ensuring that you leave with the best medicine for you.

Please note we do not accept debit or credit cards at this time.

HOME DELIVERY AVAILABLE STATEWIDE!

We are proud to be the first dispensary to offer home delivery to patients anywhere in Vermont. Deliveries can only be made to registered patients’ physical residential addresses.
Appointments
Grassroots Vermont is open to registered patients and their caregivers by appointment only.

Patients are invited to visit www.grassrootsvermont.com to contact us. Returning patients can make an appointment using our scheduling calendar. Our website also has helpful info about what to bring to your appointment and how to pay, and includes details about home delivery. An up-to-date dispensary menu makes it easy to know what strains and products are currently available.

Menu
At Grassroots Vermont, we put a premium on purity. We are proud to offer a wide variety of world-class, all natural products including a selection of premium flower, edibles, concentrates, joints, tinctures, and more. Our menu changes daily. To check out our current selection, visit www.grassrootsvermont.com.

Clones are coming soon!
Keep an eye on our website and Facebook for updates.

Concentrates
We carry a variety of concentrates including CO2 oil, shatter, and kief. Check out menu online or call to find out what strains and products are currently available.

Edibles
Our edibles are made in-house using quality ingredients. Check out our menu online or give us a call for info on our current selection.

Pricing
We offer sliding scale pricing starting at $14.50/gram. Discounts are available for patients who need financial assistance, and we usually have a select number of strains on sale. Call or schedule an appointment to learn more about our pricing.
First Frost  
80% Sativa | THC 31.79%  
Bred in-house, this high-THC strain is cerebrally stimulating, but equally effective for body pain. The taste is sharp and fruity with a hint of pineapple. First Frost is a derivative of Trainwreck.

Super Lemon Haze  
80% Sativa | THC 23.77%  
Euphoric and energetic, Super Lemon Haze is an idyllic daytime strain that brings on an alert buzz. A Lemon Skunk and Super Silver Haze cross, the taste is very sweet and citrusy, with a distinct lemon flavor.

Gorilla Glue  
70% Sativa | THC 16.82%  
Super sticky, high-THC Gorilla Glue has a lingering crisp, pungent flavor. Intense, long-lasting effects creep up with feelings of euphoria, mood elevation, profound introspection and spontaneous laughter. From the Elev8 seed house, Gorilla Glue is a cross of Sour Dubb, Chem Sis, and Chocolate Diesel.

Diamond Daze  
70% Sativa | THC 14.48%  
Diamond Daze is a high-energy natural mood elevator with a pungent citrus flavor. With a focused, cerebral effect, it offers daytime relief without leaving patients feeling weighed down. This original strain comes from XO1 and First Frost.

Jilly Bean  
70% Sativa | THC 17.40%  
This Sativa-dominant strain inspires euphoria, energy and talkativeness. It has a sweet, creamy citrus flavor from its Orange Velvet and Space Queen ancestry.

Sherbet Cookies  
60% Sativa | THC 18.16%  
Sherbet Cookies is highly recommended for patients struggling with nausea. It is long lasting, with a complex earthy, woody, musk flavor. This potent strain from Elev8 seeds is a cross between Thin Mint Scout Cookies and Sunset Sherbet.

Green Mt. Splendor  
50/50 Hybrid | CBD:THC 16:1  
This incredibly high-CBD strain offers effective relief from intense pain and inflammation without the intense psychoactive effects of higher-THC strains. It has a sharp yet savory pine flavor and is derived from YMCA.

Big Bud  
90% Indica | THC 25.53%  
This Indica-dominant strain has a pungent citrus taste with a clean pine finish. Big Bud provides intense full body relief and is ideal for patients with severe pain, depression, and PTSD. The genetics of this anxiety relieving strain include Afghani, Skunk #1, and Northern Lights.

Kush n’ Cheese  
80% Indica | THC 23.49%  
The calming, sedative Indica-dominant strain comes with a highly euphoric effect. An ideal medicine for anxiety and insomnia, this Emerald OG x UK Cheese cross has a distinctly sharp smoked cheese flavor.

Star Fighter  
60% Indica | THC-14.74%  
This Indica-dominant strain is extremely potent, with a strong pepper and mint musk flavor. Its effects start with an instant, short-lived couch lock with a lingering feeling of deep calm. Star Fighter offers effective relief from intense pain, insomnia, and PTSD. From Elev8 seeds, Star Fighter is derived from Alien Tahoe OG and Lemon Alien Dawg.

Blue Diesel  
60% Indica | THC-21.1%  
This well-balanced Indica-dominant hybrid has instantaneous mood elevating effects that linger even through the deep relaxation that creeps in. Blue Diesel is great for daytime pain relief without the intensity of a cerebrally stimulating typical day-use strain. Blue Diesel is the offspring of NYC Diesel and Blueberry.
